Tears to Tiara II: Heir of the Overlord

Tears to Tiara II: Heir of the Overlord is an intense strategy RPG combined with visual novel-like storytelling from developer Aquaplus. Telling the story of the last heir to Hispania's royal throne as he fights to reclaim his land from the Divine Empire, *Tears to Tiara II* is a standalone adventure lasting approximately 80 hours that requires no prior knowledge of the previous game.

Deep strategy combat

Tactical battles are challenging and deep, with each unit having unique attributes and skills. 15 main characters plus side characters and even beasts can be recruited into your party to allow players great freedom to build their own strategy. 3 levels of difficulty mean players from novice to expert can enjoy the game. Joint Attacks, Consecutive Strikes, and Boost Magic mechanics add extra depth to the strategy gameplay and make for more replayability.

Dramatic story-telling

Tears to Tiara II follows Hamilcar Barca, a young man indentured to the Divine Empire. But when the Empire burns an innocent girl at the stake, he unleashes a terrible secret—the demonic might of the berserker. As Hamilcar shoulders the burden of freeing himself and his people from the tyranny of a corrupt Empire, he will fight alongside powerful allies, beasts, and even the gods themselves. However, he must control the demon within first, lest he himself turns the world to ash.

Original Japanese voices

Enjoy the original Japanese voices with English subtitles as you progress through the lengthy adventure!

Hamil
"This temple... is a place to worship Astarte.
How dare you play with fire in this sacred temple
to Ba'al! What hubris, insects of the Empire!"

Unit Info
TURN
Default
Fountain of Knowledge
For self and all allies within range.
EXP and SP gain increased by 10%.
Barca Officer responsible for managing the Faction.
Often called headmaster by former students of Cademia.

Priest
"This is the site of a grand experiment, paradise
on earth. Millenjanus... one thousand years of
peace and order have already begun here."
